Gloria:

I sent the draft AOC to you back on May 8 and I am wondering if you will be able to produce a finalized draft from this in the near future so that we can begin the negotiations with with PRP on the removal portion of the activities. Please let me know when this will happen.
Thanks

Hey Guys:

I used an old AOC that was developed for a similar site and kind of completed it. The only thing that it does not have in it is the past costs. In addition, you probably need to review the stipulated penalties, the table of contents, also the penalty in case they default. Hope this helped out. Otherwise, use this to help in the final production of the previous one I reviewed.
